- White hand flares and orange smokes are not required.

The organizers emphasize that the skipper is always responsible for the safety of the boat and its crew. Life-raft is recommended.

The numbers in the sails have to correspond to those given in the measurement certificate. Control checks of boats, equipment and crew will be undertaken before the races and after individual races.

Boats have to be insured for third party damages up to 500.000€.

10. START AND RACING AREA

The starts and the Windward/Leeward races will take place on the course area South of Kytö. The Coastal race will start in the course area South of Kytö and then be sailed outside the Finnish coast in the Archipelago. The Offshore Race will start in the area North of Kytö and then be sailed on the Gulf of Finland. In the case of foul weather the starts of W/L and Coastal races may be moved to the area North of Kytö at the discretion of the Race Committee.

11. CHARTS

The Finnish nautical charts 952, 18 and 19 and the Estonian nautical chart 507 are recommended.

12. CHANGES TO THE RACING RULES OF SAILING

12.1 Addendum to RRS 64.3: "Compliance with Class Rules": If a boat has broken any ORC rule or regulation to a non significant extent, an amount of time corresponding to 0-3% of its sailed time, at the discretion of the jury, shall be added to that time.

12.2 Alternative penalties

- For the Offshore and Coastal races scoring penalties according to 44.3 will be applied
- In the Windward/Leeward races rule 44.2 will be applied so that the two turns (720 deg.) penalty is replaced by a one turn (360 deg.) penalty
- If a boats breaks any rule in Part 4 or Part 6, the protest committee may replace the disqualification penalty by a scoring penalty worsening her position by 0-3 places.

This will not be applied when the rule

41 or 42 has been broken. This changes Rule A 4.1.

12.3 Sailing during the dark hours, 21.30 – 05.30, Navigation lights must be used and, the RRS will be replaced by the International Regulations for Preventing Collisions at Sea, 1972 (as amended), COLREGs.

13. SCORING

Results are to be calculated using the ORC approved method where wind conditions are taken into consideration. Scoring is based on ISAF's low point system modified to give the first finisher 0.75 points instead of 1 point.

The weight coefficient for the various race types are as follows:

- Offshore race 1.4
- Coastal race 1.2
- Windward/Leeward races 1.0

For Offshore and Coastal Races results will be determined by corrected times calculated by the constructed course method. For W/L Races results will be determined by corrected times calculated by fixed wind speed with W/L course.

The maximum time limit for the W/L races is calculated from the course distance to correspond to a speed of 2,5 knots for the fastest boat the class. If 4 or 5 W/L races are sailed the worst result will be excluded. No results in the Offshore or Coastal races will be excluded.

14. PRIZES

Prizes will be awarded as follows:

- Championship medals issued by the Finnish Sailing Federations will be distributed to the first three boats in class ORC 2 and ORC 3. The number of medals awarded to each boat equals the number of persons sailing on that boat in the Offshore race. The ORC 1 class is not entitled to Finnish Championship status and championship medals will be replaced by Class Championship medals.
- Trophies of The Finnish Offshore Racing Association and ESF will be awarded at the discretion of the organizers. All medals and prizes will be awarded at the Prize Giving Ceremony and all participants are expected to participate in that ceremony.

15. DISCLAIMER OF RESPONSIBILITY

Competitors participate in the regatta on their own responsibility in accordance with RRS rule 4. The organizers do not accept any responsibility for any material or personal damages or deadly accidents that happen in connection with the regatta or before, during or after the regatta.
