7. SCORING

7.1. For the Results of the FINEST Offshore Series:

7.1.1. The Low Point System of the World Sailing RRS Appendix A will apply;

7.1.2. One ranking will be compiled, even if there are two (2) groups at the events;

7.1.3. A boat attending the single event and scored DNS, DNC, DNF, RET in single race, will be scored one (1) additional point more than the number of boats that completed the single event' registration;

7.1.4. A boat not competing at a single event, will be assigned to each single race held during that event one (1) additional point than the number of boats that have completed their registration for that event. This will change RRS Appendix A9.

7.1.5. The Results of the Series will be calculated by adding all the races completed in the individual events (including the races discarded for the single event results). The worst scores will be discarded as follows:

1st discard: when the 6th race will be completed;

2nd discard: when the 12th race will be completed;

3rd discard: when the 18th race will be completed;

that correspond to the completion of the maximum races planned for the Series.

7.1.6. The offshore leg' result of the Baltic Offshore Week shall not be discarded.
